#### Notes from 3/16/20 Call:

Class III/AE: In response to Greg's request, Valois will identify differences between NRC and EPA requirements to identify LOE burden on Powertech. For the AE, we are consulting with Erin Perkins on how best to address any NEPA-related issues through our CEA document.

Class V: Rick met with Valois to go over some of the comments to inform our responses.

EJ: Jean will be reviewing all comments and identifying changes need to EJ document. Corbin will take the lead on making these changes. who is drafting responses to comments? ORC did not offer to draft our responses to comments so it is still unclear who will be doing that.

---

## Ex. 5 AC/AWP/DP

---

Tribal Consultation: 4-28 meeting with SRST at 1 pm. Still looking at schedules to see if Darcy can commit to a 4/28/20 meeting with the SRST. We are getting inconsistent messages from different Yankton Sioux members regarding consultation. We have followed their protocol by offering consultation both to their Chairman and the Chairman's

Secretary but have not received any confirmation that they wish to accept of consultation offer. Omar and Douglas will follow up with Kim V, but we believe we have done enough diligence and it is up to Yankton to respond at this point. Darcy cancelled 23<sup>rd</sup> meeting with OST since it is unclear if we will be able to travel in the near future. We may need to reschedule for a conference call instead. Santee Sioux did respond that they wish to consult and Omar will follow up with them. N Arapahoe THPO asked for more information and Omar/Douglas will respond by email.

NHPA: Valois will send Mike the comments on NHPA we received and associated documentation from Jeff Parsons, attorney for OST.

ESA: Omar is reviewing ESA comments that Lucita sent him that includes Powertech's comments. Lucita will send him Cadmus' responses to these comments with the understanding that we may need want to revise these responses to conform to Lucita's formal RTC.

RTC: Lucita is drafting the formal RTC to inform how we will address all comments. She will take the Cadmus document and incorporate as many of their categories of comments as possible into her framework along with Cadmus' associated comments. Lucita believes Cadmus further support and work on this may be limited. Our time and LOE to complete this is still uncertain.

AR: ORC is looking at two final candidates for hiring a paralegal. No news on the student hire proposal and Douglas will follow up.

## **Ex. 5 AC/AWP/DP**

Variance: Lucita had some questions on Bruce's draft and Bruce will update the document and re-submit to her for review.
